### 3. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

Response to questions taken on notice – Ms Narelle Selfe  
(Ordinary Meeting of Council 20<sup>th</sup> July 2016)

1. *Who advertised the tender?*

The Shire of Carnamah advertised the tender.

2. *Who chose the successful company?*  
The Shire of Carnamah accepted a recommendation from engineering consultants; *Greenfield Technical Services*, who were engaged to manage and administer the process associated with the reinstatement of flood damaged roads.
3. *Did they get the tender because they got to bring their own accommodation?*  
No.
4. *Who decided they could set up at the caravan park?*  
Shire staff responded to the (unsolicited) request by the contractors to utilise the caravan park.
5. *What is the tariff?*  
Average of \$850.00 per week.
6. *Where is the extra revenue being spent?*  
Income from the Carnamah Caravan Park comprises part of the general revenue of the Shire and is applied (along with other sources of revenue) to meeting the costs of running the Shire and funding works and services it carries out.
7. *Who approved the area/site?*  
The area comprises part of the caravan park. Shire staff specified the location where the contractors could place their units.
8. *Who cleared and prepared the site?*  
The site was already in existence. No additional clearing or preparation was necessary.
9. *Have the units been inspected by an engineer to make sure they were installed correctly?*  
Whilst the Shire cannot respond on behalf of the contractors with respect to this question, the Shire has no reason to believe that the units were not installed correctly or that any compliance requirements have been breached.
10. *Was the extra power allocated to the caravan park last year to accommodate the installation of these units?*  
No, the power upgrade had been planned since 2012 as part of the Carnamah Revitalisation Project.
11. *Did local tradesmen plumb and connect the power up?*  
The donga units are occupying existing powered sites. The Shire did not initiate any additional plumbing and power connection works.
12. (a) *Is the kitchen that supplies the meals shire owned too?*  
No.  
  
(b) *Is it Health Department approved to sell food to the public?*  
It is not the Shire's unit, so unable to answer this question. It is being used by the contractors for the preparation of meals for their workers, not to prepare food to sell to the public.

13. *Why weren't we consulted when all this planning was going on?*

The Shire was not involved in any planning with respect to the accommodation arrangements of the contractors. It simply responded to an approach from the contractors and made available some sites to accommodate their dongas (as it would have done had they chosen to use caravans instead). The Shire did not at any time influence the accommodation priorities of the contractors.

Further questions submitted by Ms Narelle Selfe:

*Dear Bill,*

*Thank you for your prompt response to my questions raised at the last shire meeting.*

*As I found your answers to be very bland, bureaucratic and therefore unresponsive, I have taken the time to re-word them so I can actually have them answered to my satisfaction.*

*Questions 1, 2, 3, 8 & 10 answered, thank you.*

*Question 4*

*(a) Please define "unsolicited" that is written in brackets?*

"Unsolicited" means that the Shire did not initiate any engagement with the contractors, but simply responded to an approach made by them.

*(b) What was the title and the role of the shire employees who gave permission to the contractors to set up at the caravan park?*

All employees work within the parameters of their job descriptions and (through their managers) are accountable to the Chief Executive Officer. The Chief Executive Officer takes advice from his staff and is ultimately responsible for decisions made. The Chief Executive Officer is therefore the responsible person.

*(c) Please explain in full, step by step the process that was followed?*

The contractors approached the Caravan Park Caretaker. The Caravan Park Caretaker worked out what sites were required and discussed this with the Deputy Chief Executive Officer, who assessed the equivalent charges that were to apply (parity with caravans/number of people). Arrangements were then put in place accordingly.

*(d) What is the correct process that should have been followed? (step by step)*

The correct process was followed.

*Question 5*

*(a) If the tariff is \$850.00 per week on average, then is the shire aware that that works out to be \$10.20 per person per day on average?*

Yes.

*(b) Does this tariff include the cost of power, gas and water?*

Yes, power and water, not gas.

*Question 6*

*I withdraw this question as there is clearly no revenue going to be made from this arrangement.*

*Question 7*

*What was the role/position of the shire employee who specified the location where the contractors could place their units?*

The Caravan Park Caretaker.

*Please see Question 11 for further questions related to this.*

*Question 9*

*(a) Why would the shire take it for granted that the contractors would install the buildings correctly?*

The Caravan Park Caretaker is very experienced and was on hand when the dongas were placed in situ. The Shire is confident that the dongas were placed correctly.

*(b) Would it be in the shires best interest to make sure they have been installed correctly as they are the ones liable should something happen?*

Yes – it is believed that the dongas have been placed correctly.

*(c) Are the buildings anchored to the ground as per Australian standards?*

Carnamah is not in a region prone to cyclones and wind gusts and it is not believed that Australian Standards have been contravened. In any event, Carnamah is not remote and there are alternative places to shelter in close proximity should the necessity arise.

*(d) If answers to question 9 aren't known, can the shire please investigate further so they can be answered?*

*Question 11*

*(a) Does the answer mean that the buildings installed are utilising existing caravan park bays?*

Yes.

*(b) If so, what was the role/title of the shire employee who gave permission to connect up the power, gas and sewage?*

The Caravan Park Caretaker. Existing power connections are being used. There is no sewerage – just sullage outlets. The kitchen unit is serviced with a 9kg gas cylinder (the same as most domestic BBQ's and caravans).

*(c) Who connected up the power, gas and sewage?*

It is presumed that the contractors plugged into existing power outlets the same as caravanners do. There is no hard plumbing, wiring or gas connection involved.

*(d) If answers to question 11 aren't known, can the shire please investigate further so they can be answered?*

*Question 12*

*(a) Where is the kitchen that supplies the meals located?*

On the east side of the ablution block in close proximity to the donga sleeping quarters.

*(b) Is the shire aware that one of the employees of the contractors connected up the gas to the oven that is in this kitchen? This person is not a gas fitter.*

No. The gas connection is the same as that used on gas BBQ's and caravans. There is no hard plumbing involved and it is not believed that a gas fitter is required to connect or to change the cylinder.

*(c) Is the shire aware that the person who cooks the meals is also a shire employee & happens to be the daughter of the caravan park manager?*

The person engaged by the contractors to cook their meals was not a Shire employee at the time of engagement, however, has taken on a part time position since that time.

*(d) Is there a conflict of interest here?*

No. That is a private arrangement between the contractors and whoever they wish to engage to do the cooking.

*Question 13*

*(a) Why weren't the shire councillors who represent local townspeople & businesses informed when something as large as a whole work gang & their buildings have been given permission to set up at their local caravan park for an extended period?*

This is not without precedent and is considered to be an operational matter.

*(b) Why was it not deemed important enough to bring it to their attention at a shire meeting?*

As above. Council may if it wishes, choose to request that it be advised by the Administration should similar situations arise in the future.

*My other questions not on my previous list*

1. *Does the shire have a contract or written tenancy agreement with the contractors for the use of the caravan park?*

No.

*(a) If not, why?*

It is not usual. The arrangement is that of a weekly tenancy basis which is common.

*(b) If yes, can I please have a hard copy of this?*

*(c) Does the shire intend to extend this contract should the contractors work continue past the contract date?*

There is no end of contract date; however, works are expected to be completed by the end of September. When the works have been completed, the contractors will remove the donga units.

2. *Does the shire acknowledge that by going into direct competition with the Carnamah Hotel by supplying accommodation and meals by a shire employee to these contractors, at a cost that we could not even begin to compete with, has had a detrimental effect on our business in ways I have explained at the previous meeting?*  
The Shire does not acknowledge that it is in direct competition with the Carnamah Hotel. It simply responded to a request to provide powered sites and has had no part in any arrangements with respect to the provision of meals.

*Lastly, I would like to add that these buildings aren't the same as caravans as you keep referring. There is no comparison ...*

*These buildings are transported by truck, lifted into place by a crane & are required by law to be anchored to the ground.*

*A caravan is mobile, has a draw bar and its own wheels. It simply plugs into a power point and does not need to be hard wired, plumbed or gas fitted as it has already been approved so it can be licenced.*

*That is all my questions and in answer to yours, yes I would like my other requests formally presented along with this list of questions at the next shire meeting which I will be attending.*

*Thank you once again for your time.*

*Narelle Selfe  
On behalf of the Carnamah Hotel*

## 10.2. ADMINISTRATION REPORTS

### 10.2.1 NORTH MIDLANDS AGRICULTURAL SOCIETY – REQUEST FOR SUPPORT TOWARDS HOSTING THE ‘NORTH MIDLANDS COUNTRY CARNIVAL’

Applicant:	North Midlands Agricultural Society
Location / Address:	N/A
File Ref:	ADM0051
Disclosure of Interest:	
Date:	8 <sup>th</sup> August 2016
Author:	Chief Executive Officer
Attachments:	10.2.1 – Letter

#### SUMMARY

This report recommends that Council support the hosting of the forthcoming North Midlands Country Carnival by making a donation equivalent to the value of various fees and charges of approximately \$525.00.

#### BACKGROUND

The North Midlands Country Carnival scheduled for Saturday 8<sup>th</sup> October 2016 will comprise of a series of agricultural themed games during the afternoon and a fireworks display in the evening, along with live music. Whilst an application for Federal Government funding support was unsuccessful, there has been a positive response by local and regionally based businesses and agencies. The Shire of Carnamah has been asked to waive the fees on Caravan Park Chalet accommodation for musicians (\$297.75), hire fees for chairs (\$120.00) and hire fees for trestle tables (\$105.00).

#### COMMENT

The Chief Executive Officers’ delegated authority with respect to donations is capped at \$200.00. There are accounting and audit implications with waiving fees and charges and it is considered more appropriate from a financial management perspective, to raise invoices for the amounts in question, and when the invoices are paid, to make a donation to the North Midlands Agricultural Society to the equivalent of the invoices paid.

A refundable bond of \$405.00 applies with respect to the trestle tables.

#### CONSULTATION

**Seconded:** Cr Liz Piccles-Popham

**That Councils responses to the requests submitted by the applicant be as follows:**

*A written guarantee that this will not happen again and that the infrastructure (dongas) be permanently removed from the Caravan Park site:*

**Providing patrons observe the behavioral standards governing the use of the Caravan Park, the Shire is unable to discriminate as to who can, and cannot, use the Caravan Park. In the event of contractors wishing to utilise the Caravan park for extended periods in the future, the Shire would be willing to advise them beforehand of other accommodation options in town. The Shire is unable to provide a written guarantee that contractors will not utilise the caravan park in the future.**

*The Shire to consider absorbing the Hotel's rates for the 2016/17 financial year:*

**A waiver of rates as requested would be without precedent. Council has elected not to write-off the rates for the Carnamah Hotel for the 2016/17 Financial Year.**

*The Shire, at its cost, have the Valuer General re-assess the Hotel's rates (valuation):*

**The Shire declines the request to seek a re-assessment by the Valuer General. There is an established process by which ratepayers may object to their valuations and this information is included with rate notices when they are sent out.**

*If the Shire would like to continue in the meals and accommodation business, I am prepared to offer the sale of the Carnamah Hotel for a price of \$xxxxxxx and I am prepared to offer my services as manager for a period of 2 years on my current salary package:*

**Council declines the offer to purchase the Carnamah Hotel.**
