### **7. PETITIONS, DEPUTATIONS AND PRESENTATIONS**

Ms Deirdre Morgan and Ms Lesley Paterson (Principal and Deputy Principal of Carnamah District High School) attended the meeting to provide feedback on the *'Ten Year Education and Training Plan for the Morawa Shire and the wider North Midlands Region'*.

Ms Morgan stated that the report was compiled by an independent body, and was not an endorsed plan from the Department of Education. Their reaction to the plan was based on some of the content being incorrect and/or misleading, in terms of the education services and opportunities that CDHS can offer to students.

Ms Morgan and Ms Paterson expressed some concern that the report seemed to have an element of bias towards education facilities located at Morawa, and as such, this could have a deleterious effect on future funding and opportunities available for CDHS.

Together with the CEO and Cr Wooltorton (President of the School Council at CDHS) Ms Morgan and Ms Paterson welcomed the opportunity to collaborate further on a response to this plan.

Ms Morgan and Ms Paterson both left the meeting at 3.45pm.

## 10.2. ADMINISTRATION REPORTS

### 10.2.1 PUBLIC HEALTH ACT 2016 - DELEGATIONS

Applicant:	N/A
Location / Address:	N/A
File Ref:	ADM0291
Disclosure of Interest:	Nil
Date:	11 <sup>th</sup> January 2017
Author:	Environmental Health Officer
Attachments:	

#### SUMMARY

This report recommends that Council, pursuant to Section 21(1)(b)(i) Part 2 of the Public Health Act 2016, delegates all the powers and duties conferred or imposed on the Shire of Carnamah by the Public Health Act 2016, to the Chief Executive Officer.

#### BACKGROUND

The gazettal of the Public Health Act 2016, represents a significant update and change to the implementation of environmental health legislation, replacing the Health Act 1911. As there is a significant amount of work required to transition to the new regulatory framework, the Department of Health (WA) has advised that implementation is to occur in a staged manner over the next 3 to 5 years.

The old Health Act 1911 (which will be known as the Health (Miscellaneous Provisions) Act 1911), and all regulations made under the Health Act, will continue to be the main enforcement tool used by the Shire's Environmental Health Officers until the provisions of the new Act are proclaimed over the coming years.

There are five (5) stages of implementation, of which Stages 1 and 2 are already in effect and have no practical implications for local government. Stage 3 involves key elements of the administrative framework provided by Part 2 of the Public Health Act 2016 coming into operation to replace the equivalent administrative framework provided by Part II of the Health Act 1911. This includes the gazettal of Environmental Health Officers to enforce the provisions of the Act within their local government authority and annual reporting requirements. Stage 3 is expected to occur on 24<sup>th</sup> January 2017, with works needed to be undertaken to effect this transition within the Shire of Carnamah.

Stage 4 will adopt changes to the Public Health Act 2016, relating to notifiable infectious diseases and related conditions, prescribed conditions of health, serious public health incident powers and public health emergencies. Date for commencement is yet to be determined. No action by local government is expected during this implementation stage.

Stage 5 will be the most significant stage of implementation for enforcement agencies as it represents the point at which they move from the framework provided by the Health (Miscellaneous Provisions) Act 1911 to the Public Health Act 2016. The development of new

regulations under the Public Health Act 2016, relating to environmental health matters will commence, and feature provisions for:

- the built environment,
- water,
- body art and personal appearances,
- pests and vectors.

Equivalent provisions in the Health (Miscellaneous Provisions) Act 1911 and regulations and by-laws made under that Act will be repealed. The following provisions will also commence with the enforcement provisions:

- Public Health Planning,
- Public Health Assessments, and
- Registration and licensing.

Stage 5 will require substantial works by local government to implement this stage. The Department of Health has advised that it will be working closely with Local Government Authorities in the lead up to this stage, including consultation on the development of the required regulations.

All currently employed Environmental Health Officers will automatically be authorised officers and will continue to enforce both the new and the old public health legislation as the transition continues. However, implementation of Stage 3 requires that they must be provided a certificate of authority, to be produced on request. The Shire's authorised delegate is required to sign the certificate.

Using Section 21(1)(b)(i) Part 2 of the new Public Health Act 2016, Council may delegate the powers and duties conferred on it to the Chief Executive Officer or an authorised officer of the Local Government. At this time, the effect of the delegation being sought is minor (sign the certificate), however as further provisions are gazetted to expand the powers of the Public Health Act 2016, this delegation will provide for the smooth implementation of these provisions as they are implemented.

Precedent for this is already in place for the Health Act (Delegation 30) which enables the CEO to act on behalf of Council in respect to the Act and associated Regulations. This includes initiating legal action on behalf of the Shire for breaches of the Health Act 1911. The current delegation will need to remain in place during the transition to the new Public Health Act 2016.

## **COMMENT**

The designation of authorised officers and the appointment of EHO's is now the responsibility of Local Government (enforcement agency). The Department of Health no longer has a role in the designation or appointment of EHO's/authorised officers.

Once Stage 3 comes into effect, all designations must be made under the Public Health Act 2016, and no longer under the Health Act 1911 (to be renamed the Health (Miscellaneous Provisions) Act 1911).

Section 17 of the new Public Health Act 2016, provides Council the ability to appoint Environmental Health Officers/Authorised Officers without the need to apply for approval from the Health Department of WA. As such, Council will need to provide delegation to the CEO to carry out this new function.

### **SUMMARY**

This report recommends that planning approval be granted to Indian Ocean Farms Pty Ltd for the installation of power poles, 33kV overhead power lines and associated fire breaks through the Rose Thompson Road and the Garibaldi-Willis Road, reserves.

### **BACKGROUND**

The applicant proposes to construct a 33kV overhead power distribution network between its Beros Road and Chatfield-Clarke Road almond orchards. The network will pass through six properties and make two road crossings on its path to the Chatfield-Clarke Road orchard. It is proposed to erect 10 power poles and overhead lines on the Rose Thompson Road reserve and 1 power pole and overhead line on the Garibaldi-Willis Road reserve.

**10.2.3 PROPOSED POWER DISTRIBUTION LINE TO SERVICE *INDIAN OCEAN FARMS (ALMOND FARM)* – CLEARING OF ROADSIDE RESERVES**

Applicant:	Blair Fox Pty Ltd
Location / Address:	Rose Thompson Road & Garibaldi-Willis Road
File Ref:	ADM0184
Disclosure of Interest:	Nil
Date:	9 <sup>th</sup> January 2017
Author:	Chief Executive Officer
Attachments:	10.2.3(a) Surveyors sketch – proposed power line 10.2.3(b) Letter advising of the Shires' consent

**SUMMARY**

This report recommends that the action taken by the Chief Executive Officer advising the applicant that the Shire has no objection to the clearing of portions of the roadside reserves on Rose Thompson Road and Garibaldi-Willis Road, to accommodate 11 power poles for an electricity distribution line to service the Sumich Almond Farm, be endorsed.

**BACKGROUND**

Blair Fox Pty Ltd has been engaged to design and project manage the construction of a power distribution line to service the Sumich Almond Farm (the section within the Coorow Shire). Landholders along the proposed route of the powerline have been consulted and several will be able to access power when the line is commissioned. It will be necessary for ten power poles to be placed within the Rose Thompson Road reserve, and one power pole in the Garibaldi-Willis Road reserve. Although the extent of vegetation clearing within the road reserves will be minimal, the required approvals from the Department of Environmental Protection will be required. The Shire has been asked to provide its consent to the required clearing.

**COMMENT**

Given that the installation of power poles on the road reserves is unlikely to create any adverse issues for the Shire, and that the required clearing of native vegetation will be minimal, the CEO has advised the applicant that the Shire of Carnamah has no objection to the proposal, subject to:

- The provisions of the Environmental Protection (Cleaning of Native Vegetation) Regulations 2004 being complied with;
- The Shire of Carnamah being indemnified against any costs, claims or damages that may arise from this proposal.

## **10.2.4 DEVELOPMENT ASSESSMENT PANELS – NOMINATION OF MEMBERS**

Applicant:	N/A
Location / Address:	N/A
File Ref:	ADM0072
Disclosure of Interest:	Nil
Date:	30 <sup>th</sup> January 2017
Author:	Chief Executive Officer
Attachments:	10.2.4 Letter

### **SUMMARY**

The report recommends that Council nominate Councillors ..... and ..... as the local members and Councillors ..... and ..... as alternate members to sit on the Mid-West Joint Development Assessment Panel.

### **BACKGROUND**

Fifteen Development Assessment Panels (DAP) came into operation on 1 July 2011 to determine development applications that meet a certain threshold value. Each DAP comprises five members – three specialist members, one of which is the presiding member, and two Local Government members.

Councillors Isbister and Stirling are the current local government members for the Shire of Carnamah and Councillors Wooltorton and Kikeros are the nominated alternate members.

Appointments of all Local Government DAP members and alternate members will expire on 26 April 2017. Members whose term has expired will be eligible for re-consideration.

Under the Development Assessment Panel (DAP) regulations, each DAP will determine development applications that meet set type and value thresholds as if it were the responsible authority under the relevant planning instrument, such as the local planning scheme or region planning scheme. The DAP regulations state that DAP applications cannot be determined by Local Government or the Western Australian Planning Commission (WAPC).

The role of DAP members is to determine development applications within a certain type and value threshold through consistent, accountable, and professional decision-making.

The Shire of Carnamah is a member of the Mid-West Joint Development Assessment Panel (JDAP) along with the following local governments: Chapman Valley, Coorow, Cue, Geraldton-Greenough, Irwin, Meekatharra, Mingenew, Morawa, Mount Magnet, Mullewa, Murchison, Northampton, Perenjori, Sandstone, Three Springs, Wiluna and Yalgoo.

Further information is available online at <http://daps.planning.wa.gov.au>.

## COMMENT

The Shire is required to nominate four (4) elected members of Council to sit on the local DAP. This consists of two local members; and two alternate members in case of unavailability of the local members.

Details including curriculum vitae will be required for the nomination form. Nominations are required to be received by the DAP by 28<sup>th</sup> February 2017. The Minister for Planning will consider and appoint all nominees for up to a three year term, expiring on 26<sup>th</sup> April 2020.

All appointed local members will be placed on a Local Government member register and advised of DAP training dates and times. It is a mandatory requirement, pursuant to the DAP regulations, that all DAP members attend training before they can sit on a DAP and determine applications. Local Government representatives who have previously received training are not required to attend further training, however are encouraged to attend refresher training.

Since the inception of the DAP system, Carnamah has only been involved in the assessment of one proposal.

## 10.2.7 REVIEW OF COUNCIL POLICIES

Disclosure of Interest:	Nil
Date:	19 <sup>th</sup> January 2017
Author:	Chief Executive Officer
Attachments:	10.2.7 – Draft Policy Manual (February 2017)

### SUMMARY

This report recommends that Council appraise the draft Policy Manual, as presented, with a view to having the manual finalised for adoption at its meeting scheduled for the 15<sup>th</sup> March 2017.

### BACKGROUND

The policies of Council were last comprehensively reviewed in 2015. Since that time, new policies have been added and some policies have been deemed to be redundant. The attached draft Policy Manual reflects these changes and is submitted for review by Council.

### COMMENT

Policies established by Council are intended to provide guidance to elected members and staff on a range of matters which are useful in dealing with the day to day business of the organisation, without the constant need for referral to Council for a decision. Policies do not carry any statutory authority but provide parameters within which decisions may be made with the confidence that those decisions will be supported by Council. Some policies are mandatory such as the code of conduct for elected members and staff and these need to be subject to regular review.

The attached draft Policy Manual indicates where recommended changes should be made.

## 10.2.8 EDUCATION AND TRAINING PLAN FOR THE NORTH MIDLANDS REGION

Applicant:	Midwest Development Commission
Location / Address:	
File Ref:	ADM0277
Disclosure of Interest:	Nil
Date:	7 <sup>th</sup> February 2017
Author:	Chief Executive Officer
Attachments:	10.2.8 - Ten Year Education and Training Plan for the Morawa Shire and the Wider North Midlands Region

### SUMMARY

This report recommends that Council consider the Ten Year Education and Training Plan for the Morawa Shire and the Wider North Midlands Region, provide feedback on the plan, circulate the document to local schools and place the plan on the Shire website to encourage feedback.

### BACKGROUND

Last year the Shire of Morawa in conjunction with the Midwest Development Commission engaged consultants to prepare the Ten Year Education and Training Plan for the Morawa Shire and the Wider North Midlands Region (“The Plan”).

The plan is based on the premise that the only way that smaller primary schools and the towns in which they are situated are going to survive is through co-operation and collaboration with and between surrounding towns and schools. The plan (of which a copy is attached) ...

*“identified that schools in the North Midlands are at a tipping point in their quest for sustainability and without a concerted effort and affirmative action a number of schools may face the prospect of closure. Along with the general economic conditions and the consolidation of farming land, the Government decision to move Year 7 students to high school has severely impacted school numbers and the viability of towns.”*

And:

*“Although the Western Australian College of Agriculture – Morawa, and Morawa and Carnamah District High Schools are somewhat protected from the Year 7 transfer, by having secondary students, the other Primary Schools in the area are being significantly impacted. From 2012 to 2016 there has been a decline of over 20% in Primary numbers in the region.”*

*“Schools will only survive if formalised education clusters are established with a school of choice District High School as a hub. To transform the current North Midlands District High Schools into schools that can compete with metropolitan or larger regional schools is going to require major changes, including a quantum shift in resourcing and staffing, and a cultural shift in the thinking of many community members.”*

### COMMENT

The attached plan makes a number of detailed recommendations covering the following:

1. Early Childhood Education
2. Declining School Populations
3. Limited Residential Accommodation
4. Student Welfare
5. Disengaged Students
6. Aboriginal Education
7. Attraction and Retention of Staff
8. Breadth and Depth of Learning Opportunities
9. Infrastructure and Facilities
10. Career Pathways and Post School Options
11. Digital Infrastructure and Information Technology
12. Reputational Management

Page 12 of the Plan provides 18 specific recommendations in relation to Carnamah and Coorow. These recommendations require some significant buy-in by the Shire, the schools in question and the community.

The Plan (report) will be provided to the Morawa Education & Industry Training Alliance (MEITA) which will lead the process. The Chair of MEITA is Mr Grant Woodhams.

The Mid West Development Commission is seeking feedback from the wider community, Schools, and Shires, and it is expected that MEITA will convene a meeting of community, School and Shire representatives in due course.

## 10.2.10 PROPOSED WANDRRA CLAIM – FLOOD DAMAGED ROADS

Applicant:	N/A
Location / Address:	N/A
File Ref:	ADM0142
Disclosure of Interest:	Nil
Date:	8 <sup>th</sup> February 2017
Author:	Chief Executive Officer
Attachments:	10.2.10 - Spreadsheet – Flood Damaged Roads

### SUMMARY

The report recommends:

- That Council endorse the actions taken to lodge a claim through the Western Australian Natural Disaster Relief and Recovery Arrangements (WANDRRA) for flood damaged roads within the Shire of Carnamah.
- That on approval of the claim, that quotations be sought from engineering consultants to administer and manage works associated with reinstating flood damaged roads to their pre-flood condition.

### BACKGROUND

Over the weekend of the 28<sup>th</sup> and 29<sup>th</sup> January 2017, some areas of the Shire (mainly north eastern sector) sustained rainfall of up to 100mm, which resulted in the flooding and resultant damage of several roads. In accordance with WANDRRA guidelines, nearly 50 kilometres of road require repairs.

### COMMENT

The value of the reinstatement works will not be known until tenders are received. The Shire has, and will, incur some financial disadvantage because of these events for the following reasons:

- The cost of “opening up” works which entailed some gravel patching and sheeting over the worst affected areas; and maintenance grading the roads when conditions allowed, were not budgeted for and some of which are ineligible to be claimed back through WANDRRA funding;
- The Shire has to contribute funding of \$143,200.00 per event as its contribution towards reinstatement works.

The WANDRRA conditions exclude local governments from carrying out the works themselves (notwithstanding the fact that the engagement of external contractors to carry out this work will be significantly more expensive than if the Shire carried it out). Hence, the Shire will have no option but to call tenders and to contribute \$143,200.00 in cash towards the works.

Administration of the WANDRRA process is somewhat complex and beyond the resources of the Shire with its current workload. It is proposed to engage engineering consultants to administer and manage works associated with repairing the flood damaged roads. It will be necessary to also engage a site supervisor and contractors and this will be subject to a tender process should the WANDRRA claim be approved.

At this point, MRWA personnel are assessing the damage in company with the Manager of Works and Services. It is understood that several other Shires in the region (including Morawa and Yalgoo) have sustained damage through the same flood event.

## 10.2 ADMINISTRATION REPORT

### 10.2.11 2017 CARNAMAH TRIATHLON – REQUEST FOR SUPPORT

Applicant:	Mrs Angela Dring
Location / Address:	N/A
File Ref:	ADM0203
Disclosure of Interest:	Nil
Date:	13 <sup>th</sup> February 2017
Author:	Chief Executive Officer
Attachments:	10.2.11 – Advertising Flyer

#### SUMMARY

This report recommends that the Shire support the conducting of a triathlon in Carnamah on the 26<sup>th</sup> of March 2017, by way of waiving swimming pool entry fees, providing some event signage and agreeing to provide the other requested support.

#### BACKGROUND

Mrs Angela Dring wrote to the CEO on the 9th of February as follows:

*Dear Bill and Council*

*We would like to run the Carnamah Triathlon again this summer and write to the Shire to ask for your support as in the past 3 years.*

*The proposed date is Sunday 26 March from 9am with a start time about 9.45am. Attached is our proposed flyer and entry form.*

*Barb and I are coordinating this event again with the assistance of other community members. As always it is a free event for participants and they all register and participate at their own risk. We take all care to ensure the route is safe and adopt a safety plan which we share with key stakeholders. This will be forwarded to the Shire upon completion.*

*We write today to seek your support and approval in the following items;*

- by way of allowing the pool to be open early on Sunday 26 March from 8.30am for set up;*
- Use of barricade, signage and witches hats around the course as and where required;*
- Use of laneways and old bunting at pool;*
- Use of the BBQ at the pool;*
- Assistance to promote the event in the Council publication “On the Mat”;*
- In previous years, Council has provided free entry to the pool on this day, being the last weekend the pool is open.*

*Many thanks in advance Bill for your consideration of these items. We feel this is an excellent opportunity for Carnamah and surrounding residents to engage in some physical activity and*

*join in some collaboration and teamwork. It also promotes the use of the Shire pool in the lead up to the event in the training phase, generating interest and income to the Shire.*

*We look forward to your reply.*

*With kind regards*

*Angela Dring  
Barb Smallwood  
Event Coordinators*

## **COMMENT**

The annual triathlon event has been successfully held since 2014 and this year's event will be conducted along the same lines.

As it is intended to be a community event with the pool needing to be necessarily set aside for a short time for the swimming part of the triathlon and the fact that a community BBQ will be held afterwards, it has been requested that pool entry be waived for the day. This is in recognition that some members of the public may be inconvenienced due to the pool being exclusively set aside for this purpose for a few hours; the fact that several participants would hold season tickets in any event; and the fact that the triathlon will be a community event which will culminate in a celebratory BBQ to which all members of the community are invited. The applicant has also asked the Shire to waive photocopying fees for the printing of certificates (The organisers will provide the paper).

It may be necessary for the pool to be open a little earlier or later, depending when the triathlon takes place. The Carnamah Pool Manager, Mr Kevin Price has kindly offered to open the pool for the additional hours required.

With respect to the liability aspect raised by the applicant, advice has been conveyed that the Shire is not covered for issues that may arise through the holding of an event, beyond the public liability insurance cover it holds with respect to the facilities it provides and for any proven negligence caused by its employees. In other words, the auspicing body would need to assess the probabilities of a public liability claim arising from the holding of the triathlon to determine how it deals with the insurance aspect associated with such.
